

WARNING BY BLACKHAWK caused early settlers in the Mokena area to leave their holdings and seek shelter at forts. Some even went as far as Indiana, which was quite a trek in those days when the fastest transportation was the horse. The tableau here was one of those in the historical pageant of Mokena, staged by the Mokena Woman's club the Fourth of July. Left to right, Wendell Hamilton, Laura Lee Lankenau, Corrine Smith, all of Mokena; Al Zlogar, Joliet, as Blackhawk; Randy Peterson, pioneer boy and Susan Smith and Barbara Hite, of Mokena.

A PEACEFUL MEETING was the title of this scene, and it goes back a long way, to 1673 in fact, when Louis Joliet, woodsman who guided Father Marquette on his journey thru what is now Illinois. Such a meeting between the travelers and the Indians could have easily taken place in the area. Terry Weber, New Lenox, is the Indian alongside Joliet, whose part was taken by Victor Peterson, Mokena, Frank Doyle, Mokena, appeared as Father Marquette. The Indian in the center is Al Zlogar, and the two at the right are portrayed by John Weber, Mokena, and Paul Smith, also of Mokena.

FASHION SHOW SCENE, featuring couple in bathing suits, Mrs. Louise McGann and Willard Barenz. Both suits were rather daring, especially the one worn by Mr. Barenz--his arms should be covered at least half way to the elbow, and his knees are showing too.

FINALE of the pageant shows a portion of the cast singing "America." The color Guard is from the Nike base at Orland Park. The Indians have been named and at the right are some of the models from the fashion show.

Orland Park Adopts Appropriation Measure --

Appropriations, drainage, sewers, water bills and trailers were the principal topics under discussion at the regular meeting of the Orland Park village board Monday night.

The annual appropriation ordinance was adopted by a unanimous vote after a few revisions had been made.

Before Village Attorney Raymond Pieper, who prepared the ordinance read the measure, Mayor W.R. Schussler, Jr., explained that the figures were necessarily large as an appropriation ordinance could also be described as an "anticipation ordinance." The village board must provide for all possible expenditures so if money does become available it can be used. But the board never expects it will.

The total called for in the ordinance adopted for the fiscal year May 1, 1963 to April 30, 1964 is \$407,241.87. This figure includes payments of

bonds and interest and street work that will be paid for out of motor fuel tax money obtained from the state. Last year's ordinance carried a total figure of \$518,548.13.

The water and sewer department is not supported thru taxes but pays its own way thru the sale of water. This income is sufficient to contribute approximately \$30,000 a year to the general corporate fund. Taxes on real estate and personal property is one of the main sources of revenue but not the largest, it was pointed out and regardless of what the appropriation ordinance total may be the village is not going to get any more money from such source unless valuations rise. The village share in the state sales tax is another important source of revenue and as business grows so will such revenue. The village also gets some revenue from licenses, and fees, including building permits.

Theodore Bengtson, as pre-

sident of the Orland Park school board, accompanied by Supt. Norbert Jerling, appeared before the village board Monday to get approval of its plan to extend a main to give the Orland Center school a connection with the Orland Park sewer system. Henry Rafacz, who owns land nearby is sharing the cost and plans to build a lift station to handle the sewerage that will flow by gravity from the school, at 94th ave. and 151 st., to a point west of U.S. 45. Mark Lovejoy, who is doing the engineering said 10-inch and 8-inch tile would be laid from the school to handle the gravity flow and would feed into a 6-inch pressure line Rafacz is prepared to install directly to the disposal plant. There would be about 2,000 feet of pressure line, about 1,000 feet of gravity line. There are some details yet to be worked out, such as getting the necessary permits from the Chicago sanitary district, and the state and county

highway departments, and an ordinance under which the school district and Rafacz could be reimbursed for part of the costs from future tap-ins. The school board wants to have the work completed by the time school opens in September. Connecting with the village sewer system will be cheaper than having its own disposal system, Bengtson said the board decided.

Trustee Mel Doogan reported that after heavy rains sewage backs into the basement of the Methodist church and the Lutheran school. Village Engineer Lovejoy was instructed to check the system to correct the condition. Doogan also reported 141 water users as delinquent in their bills and having had their final notices are now faced with having their water service shut off.

Trustee Chester Kupiec has complaints from people who object to the presence of house trailers parked in driveways. Housetrailers the village can

do something about, he learned but small camping trailer and boat trailers were something else. The village doesn't prohibit house trailers but the conditions under which they may be used are rather strict.

George Bacho who has a lot in the 14600 block on Ridge ave., Oak Meadows subdivision has had a building permit held up because of a matter of drainage in the area after rains. Monday night he asked the board to either give him the permit or to deny it and if it were denied he would use the board's decision in an endeavor to get back the money he had paid for the lot. He was willing, however, to talk it over with the subdivider and representatives of the village to see if something could be worked out to salvage the situation. The drainage problem, it was said, could effect various lots in the area. Trustee Lloyd Cowan said the storm water should be carried off by underground tile.

Pageant Attracts 3,000 At Fiesta Days Celebration

Time was turned back at Mokena on the Fourth of July when the Woman's club presented a historical pageant that told the story of the community from its earliest day to the turn of the century.

A huge picture frame provided the setting for the scenes, with Mrs. Henry Clarke as narrator. Tableau followed tableau in quick succession, a tribute to the cast of 35 persons, and the directors, Mrs. Vernon Lankenau and Mrs. Robert Mackey. Mrs. Lankenau also wrote the script.

More than 3,000 persons saw the two performances, one in the afternoon and the other in the evening as a climax to the annual Fiesta Days sponsored by the Mokena Chamber of Commerce. The pageant was staged in Mokena Community park, with a flatbed truck supplied by the Welsch Lumber Co, serving as the floor of the stage.

A huge picture frame mounted on the truck served as the setting for the tableaux.

The program opened with the presentation of the colors by a color guard from the Nike base at Orland Park and closed 40 minutes later with their retirement.

Indians, explorers, settlers and early merchants made their appearance as the story of Mokena unfolded.

Attics, ancient trunks and a place at Villa Park yielded costumes for the actors. The scenes covered a wide span of time, from the 1830's thru the 1920's--from the minuet to the charleston. Music of the past was sung by the audience, by a barbershop quartet made up of Roy Kohl, William Welsch, Robert Mackey and Robert Best, and by a soloist, Mrs. Robert Watson. Norval Robinson led the

community singing.

One of the highlights of the pageant was a fashion show that dealt with styles that won public approval around 1900. Those were days when women wore big puffy sleeves, known as leg-of-mutton and skirts that were lined and innerlined with addition of crinoline lining at the hem.

Among the fashions modeled were hats made of local milliners, wedding gowns worn by grandmothers of the models. Also various dresses for women and little girls, featuring intricate designs that were all made by hand, capes, umbrellas and black stockings completed their outfits.

Styles of the era shown were a bonanza for the textile trade because there was plenty of cloth used, yards and yards of it, even in bathing suits. Men wore a two piece suit, with knee length, loosely fitting trunks, and a long skirt that came almost to the knees. The

beach wear shown for ladies was polkadot material with voluminous bloomers, an overblouse with puff sleeves, a bandana for covering the hair, long black stockings and shoes, of course.

The Mokena Woman's club also sold copies of a history, "The Story of Mokena," written by Mrs. Florence Pitman, before and after the pageant performances but they have a number of copies still available. Persons may purchase the books from any member of the Woman's club or the following members of the history committee: Mrs. Lawrence Kohl, 479-5801; Mrs. Walter Welsch, 479-5443; Mrs. Louisa McGann, 479-9118; Mrs. Louis Richards, 479-5071; Mrs. George Rumbley, 479-5495; Mrs. Elizabeth Cappel, 479-5220; Mrs. Allan Bredenburgh, 479-5598 and Mrs. Raymond Westlund, 479-5650.

Texas Eastern Seeks To Expand Its Gas System

Texas Eastern Transmission Corporation has asked the federal power commission for authorization to begin a \$195 million expansion of its natural gas system, the largest expansion in company history, according to Baxter D. Goodrich, executive vice president.

This latest expansion for the Houston-based pipeline company will add 400 million cubic feet to the daily delivery capacity of the firm's natural gas system, according to Mr. Goodrich. The expansion will be accomplished over a four-year period with the first phase facilities going into service during the fall of 1964.

To accomplish the expansion, Texas Eastern plans to construct approximately 880 miles of various diameter pipeline ranging in size up to 36 inches in diameter. The 36-inch pipe would be used to connect Texas Eastern's system at New Roads, Louisiana, with a new source of supply at Venice, Louisiana, and most of the remaining construction will be along the route of its existing system between Opelousas, Louisiana, and Lambertville, New Jersey, he said. In addition, three new compressor stations with a combined total of 18,500 horsepower will be constructed; a new metering and regulating station will be added to the system, and special equipment changes will be made at a number of currently operating compressor stations that will increase the amount of natural gas they can handle.

"An important part of the expansion will be the conversion and development of the Accident gas field in Garrett County, Maryland, for use as an underground storage reservoir for natural gas," Mr. Goodrich said.

The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're self-adjusting. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, we might add, which means there's no anti-freeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!

There will be one scheduled summer camp outing only at this time. This will be held the week of July 28.

Two sets of troop flags have been ordered by the Scoutmaster, Dan Markowski. The troop themselves raised over half of the necessary money for the two flags, one an American flag, and the other a troop flag, and included in the cost is all the necessary accessories.

The camp-out took place from June 24 through June 27.

This was the first attempt at a camp-out for the troop. The girls were all eleven years of age and 22 girls in all attended. Renee La Buda and Debbie Roach, both of Arbury Hills, were two of the troop members who attended this affair.

In addition, Carol Stapleton, Mrs. Marie Stapleton's daughter, attended as a kind of helper for the group.

The chores for the group were divided. Mrs. Best was in charge of the food and cooking for the group. Mrs. Stapleton was in charge of the arts and crafts during the camp-out. Mrs. Neithammer was in charge of preparing the fire and providing the necessary wood for fuel. The wood was all gathered from the area.

On the last day of the camp-out, after the girls had completed their projects, the parents were invited to witness their closing camp fire, a special type called a "log cabin" fire which Carol Stapleton had laid.

Many of the parents came for the show during which the girls sang their camp songs and were presented with their merit badges including their second class scout badge. The ceremonies were quite impressive to all who attended.

Following the camp fire ceremonies, the girls all returned home that night, happy, proud, but tired.

Mr. and Mrs. Robert Burdett of 9442 W. Hickory st., and their three children, Bobby, Kathy, and baby Patti, and even their collie dog, Kipper, spent the better part of a week on a camping trip to the Indiana State Sand Dunes Park Camping grounds. Following the play-off, the two teams played an additional complete game which was won by the Green Giants by the score of 13 to 6.

On Tuesday, July 2, the younger boys again competed against each other. The Blue Minors won their first game over the Red Bombers by the score of sixteen to ten. It was an exciting game, well played by both teams.

On Thursday afternoon, on the July Fourth holiday, the older boys from Arbury Hills took teams, the Tigers and the Green Giants, combined forces to challenge the Mokena boys team.

The game was played and the outcome was a lopsided score of 22 to 2 in favor of the Mokena boys over the Arbury Hills boys. The boys from Arbury Hills gained valuable experience from the game however, by the feel of outside competition.

Police Seldom Lose In Debates With Motorists

(CNS) The right of a village policeman to make traffic arrests while working in his spare time for a shopping plaza was upheld this week by the Appellate court.

Affirmed was a \$50 and costs fine for disorderly conduct imposed on Frank J. Scheck, Jr., 2525 Leyden, River Grove, after a parking argument Jan. 13, 1962 in the Winston Park Plaza with Policeman Carmen F. Vecce of Melrose Park. Vecce, who had "Winston Park Police" on the back of his motorcycle and working in his spare time with permission of his superior, told Scheck to move on from a "No parking" sign. Scheck said he was waiting for his wife, questioned Vecce's authority, and when arrested drove away because "I don't like fights and I didn't want to make a disturbance."

He denied Vecce's testimony that 30-40 people gathered and that he used "inappropriate words". Also that his door knocked the officer against his motorcycle as he drove off. "The determinative question is if the events support a charge of disorderly conduct," said Justice Arthur P. Murphy. "The defendant refused to remove his car when ordered to do so by an officer in uniform"

Fourth Of July Picnic At Marley Draws Crowd

BY VIRGINIA SASS

The Fourth of July continues to mean the Marley picnic to many folks who came from near and far for a perfect day under the beautiful shady oaks in Haley Park, next to the Marley church. An atmosphere of serenity, friendliness and fun prevails and has prevailed for many years.

Picnic dinners were served at noon, featuring charcoal broiled steak sandwiches prepared by chefs Russel Lauffer and Clare Berg.

James Tilsy served as master of ceremonies and presented the patriotic program. Addresses on "America, Our Heritage" were given by Miss Alma Lauffer of Southern Illinois university and Lee Fears of Joliet junior college. Mary Jane Stellwagen and Sharon Tilsy played a piano duet.

There were races, games, and pony rides for the children. Dad will remember the ball game—at least for a few days!—the men beat the boys 14 to 11.

Folks enjoyed reminiscing about former picnics. The first picnic was held in 1881 in an orchard at Marley, then owned by Nathan Marshall. Some of the early picnics were held at the James Bowen farm and a few in later years were held in Arthur Lauffer's Grove. Others

for many years were held in the John Storm's Grove in Marley. Since the dedication of Haley Park on July 4, 1954, the picnics have been held there. The park was given to the Marley church by Miss Agnes Haley in memory of her parents, Mr. and Mrs. C.F. Haley and Mrs. Robert Regan in memory of her husband.

Celebrants recalled the grand parades that drew crowds early in the day when the picnics were held in Storm's Grove. They remembered the horse-racing and home-made ice cream of the earlier picnics—also the ball-games, programs, and the historical pageant that was presented in 1938.

Vincent Barney of Oak Park has attended all of the picnics but three. As a child he attended with his family, the Archibald Barneys who lived at the residence now occupied by Mrs. Robert Regan. Others have missed very few picnics: James D. Frazer, Mr. and Mrs. Charles W. Lauffer, Charles W. Lahmann, Mr. and Mrs. W. B. Storm, Mrs. C.W. Thomas, and Mrs. Wilbur Francis, Sr.

Mokena Youth Hospitalized After Crash

A Mokena youth, Roger Paben, 18, of 11022 W. Revere rd., was seriously injured on Wednesday (July 3) when he lost control of the car he was driving on the curve on Francis road, about a mile and a half west of Mokena.

He was driving west and the car went into the ditch, making a complete rollover and landing on its wheel. The momentum carried the vehicle for another 324 feet, according to state police, slid across Francis road and plunged into a ditch on the other side. Paben was ticketed on a charge of traveling too fast for conditions.

Two passengers in the car escaped with apparently minor injuries. They were Robert Gamboa, 15, of 11212 W. 193rd street and Frank Pretzel, 18, of 19421 Wolf rd., Mokena. Both were treated at Silver Cross hospital and released. Paben was hospitalized. The accident occurred about 5 p.m.

Will County 4-H Fair Dates July 30,31 Aug. 1

Will County Farm Adviser A. A. Wicklein announced county 4-H show dates as July 30-31 and Aug. 1. The 4-H show, to be held at Fred A. Francis 4-H Field, provides county 4-H'ers with an opportunity to exhibit their 4-H projects.

The two and a half day show will have plenty of activity. Besides the extra half day added this year there will also be a program every evening while the show is on. Beginning Tuesday, July 30 at 1:00 p.m. 4-H members will exhibit wildlife and soil conservation, forestry, electricity, entomology, honey and rock collecting projects. Indoor gardening, photography, handicraft, bird study, rabbits and poultry projects will also be exhibited Tuesday. 4-H tractor members will take part in the county's junior tractor operator's contest the same afternoon. Tuesday's evening program will be the 4-H horse show beginning at 7:00 p.m.

Sheep, goat, dairy, home grounds improvement, vegetable and flower garden members will exhibit their projects Wednesday, July 31. The second day's program will begin at 10:00 a.m. The evening program will include the 4-H auto driver's skill contest and 4-H dog show at 7:00 p.m. An auction of 4-H garden and bakery products will be held Wednesday evening at 7:30 p.m. Auction proceeds will be used for the building program at Francis 4-H Field.

Thursday, Aug. 1 will be the 4-H beef and swine shows. Results of the hog carcass activity will also be announced that day. The Wesley 4-H Hustlers club will present their winning 4-H Share-the-Fun Act as part

of the evening program Thursday. Top M.C. (mistress of ceremonies) selected at the county's Share-the-Fun, Paula Baumann of Plainfield, will introduce program participants. Also included in Thursday's evening program will be top agriculture and Home Ec. 4-H demonstrators, best 4-H boy and girl public speakers and the county's 4-H dress revue winners. This will give all county winners a chance to practice before their appearance at the Illinois state fair, Aug. 9-18.

Farm Adviser Wicklein invites all persons, 4-H and non-4-H, to the 4-H show any or all days. There is no admission and plenty of parking with plenty to see after getting there, he emphasized.

Checking registration papers and eligibility to show are just two jobs of department superintendents at the 4-H Fair. Also included as their responsibilities are assisting the judge, recording class winners and lining up next classes to be judged. Superintendents of the show departments are volunteer local 4-H club leaders who get paid the same salary they are paid as leaders—nothing.

Reynold Siemsen of Peotone is superintendent of the 4-H poultry department on July 30. Glenn Vally will supervise the horse show that evening.

Wednesday, July 31, Clyde Weber will handle the sheep show while Dale Kratzberg, Frankfort, will be dairy show superintendent. Mrs. Virgil Selk, Beecher, will handle all 4-H Horticulture exhibits while Mrs. E. C. Olsen, New Lenox, will guide the evening 4-H dog show.

George Archibald, New Lenox, and Lawrence Meyer, Manhattan, will share the beef superintendent duties, Thursday, Aug. 1. Handling the swine department will be Orman Boldt, Lemont.

HONORED EMPLOYEE - Ernest Yepsen, Tinley Park, (left) was honored recently for 29 years of service with Lake-Cook Farm Supply Company. Seen with Yepsen are his wife and Arthur Maue, Mokena, (right) treasurer of the company.

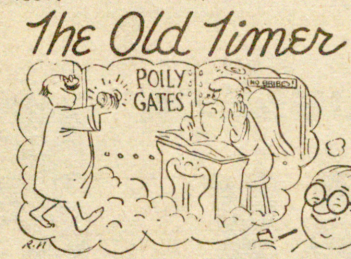

Ernest Yepsen Honored For Service At Banquet

Ernest Yepsen, Tinley Park, was honored for 29 years of service with Lake-Cook Farm Supply Company at a banquet held June 19. Company directors, wives and other honored employees attended the dinner.

Yepsen came to the Farm Company in 1934 as a store manager. He has seen the growth of the \$2,000,000 company which has 12 petroleum products routes and six farm and garden stores serving farmers and suburbanites with seeds, feeds, plant food, sprays, etc.

An award was presented to Mr. and Mrs. Yepsen by Henry Eicholz, president. Yepsen was complimented for accepting the challenge of transferring his business to commercial, industrial, urban home delivery, lawn and garden in face of

rapid urbanization of farm territories. Periods of most challenge and highest successes were recounted in the employee's history with the company. Awards were given to five other employees who totaled 179 years of service in the company which maintains a close relationship with Farm Bureau and University Extension Service.

Marley

Missionary Society To Have Picnic In Park

VIRGINIA SASS
485 - 6424

The Marley Missionary will meet in Haley Park on Wednesday, July 17 for a picnic dinner and meeting. The hostesses will be Mrs. Edward Sproat, Mrs. Robert Sproat, Mrs. Durward Killinger and Mrs. Adella Sproat. Members are to bring a dish to pass, their own table service and table cloth. Dinner will be served at noon.

Mrs. Glenn Peterson entertained the Mokena Pinnocle club in her home on Wednesday afternoon. Prizes were won by Mrs. Sarah Spiess, Anna Hensel Dora Roesner and Clara Schmidt. Refreshments were served by the hostess.

Mrs. Alma Kohl entertained a large group of relatives and friends in her home on the Fourth.

Mr. and Mrs. Leon Tilko and daughters, Bonnie Ellen and Sandra of Elmhurst were guests Saturday night at the home of Mr. and Mrs. Durward Killinger.

Marcia Culp of Homer was a guest during the Fourth week end of Verda Jo Sass.

Mrs. Carl Webb and son Fred of St. Petersburg, Florida are guests in the home of Mr. and Mrs. Fred Helmke.

Mr. and Mrs. Durward Killinger and family enjoyed an outing to Kankakee on Friday.

Fire of undetermined origin broke out on the roof of the barn at the James Frazer residence Fourth of July evening. While the family was playing cards on the lawn, smoke was noticed coming from the roof. Because of the early discovery, the Homer fire dept. was able to save the large structure.

Mrs. Robert Sproat, Laurel and David and Mrs. Adella Sproat were guests on Friday in the home of Mrs. Herman Graening at Pontiac.

James D. Frazer attended the wedding of his grand-daughter, Barbara Jean Smith, and Kenneth Olsen at the Morris Presbyterian church on Sunday afternoon, June 30.

No Action On Setting Up "Late-Late" Saloons

(CNS) - The county board of commissioners Thursday deferred action on a proposed resolution to extend the closing time of "LATE-LATE" taverns and liquor stores in the unincorporated areas of the county to 4 a.m. on weekdays and 5 a.m. on Saturdays, and received a protest against the resolution from the Kane county board of supervisors.

Action was deferred at the request of Board President Seymour Simon who said his survey of closing hours and license fees in county villages would be completed "within a few days" and that the survey would provide useful background information for discussion of the resolution.

The protest letter, signed by Supervisor Paul Volff, said, in part, "We, in Kane county, very much oppose any action in this direction, as Cook county borders on our county and we strongly feel it would create serious problems for us." The letter did not explain the "serious problems."

The resolution, submitted by Commissioner Charles F. Chaplin, would provide an annual fee of \$1,000 for the special "late late" liquor license in addition to the present regular fee of \$500 for remaining open until 1 a.m. on weekdays and until 2 p.m. on Saturdays. Thus, the total fee would be \$1,500 for remaining open until the early morning hours.

HAVE ATTENDED MANY picnics at Marley in celebration of the Fourth of July. Left to right, William Storm, Mrs. Storm, John Handorf, Mrs. Wilbur Francis, Sr., Harry Sproat, Mrs. C. W. Thomas, Vincent Barney, James Frazer, Mrs. Arthur Laufer, Charles W. Laufer, Mrs. Vincent Barney, Charles W. Lohmann, Bessie Sproat and Marion Barney.

The picnic at Marley, sponsored by the Men's Brotherhood of the Marley church is an old, established event and draws a large crowd every year.

Mokena School District Sells Bonds At 3.261%

The Mokena grade school building bonds, approved by the voters this spring to build an addition to the Willow Crest plant, have been sold to Wm. Morrissey and Co., at an interest rate of 3.261 per cent.

The Morrissey company submitted the best figure of the several firms that bid on the \$190,000 issue.

The board also disposed of several other items of business.

The auditing firm of Ernst and Ernst has been hired to audit the financial records of the district at the close of the fiscal year, June 30, fixed the book rental fee at \$8.50

per student for all grades; approved purchase of building maintenance and educational supplies and authorized Supt. James Ennis to purchase 42 new desks, a teacher's desk, 10 folding tables and 48 folding chairs.

The board also approved arrangements for Supt. Ennis to attend the business manager and superintendents workshop at Illinois State Normal university July 28-Aug. 2.

The school calendar for 1963-64 was adopted. The year will begin Sept. 3 and end June 5. Thanksgiving vacation is set for Nov. 28-Dec. 1. The Christmas vacation is to run from Dec. 21 to Jan. 5, and the Easter vacation from March 23 to March 29.

Board members held a dinner recently in honor of two former members, Hans Mueller and Robert Geuther. Mueller completed his last term on the board in April, 1962, after 10 years of service. He was a member of the original seven-man board of education for Mokena. Mr. Geuther completed nine years on the board in April of this year, and was president for eight of the nine years. Both were presented Illinois School Board Association plaques commemorating their meritorious service to the community.

The dinner was held at the Arch Inn and was attended by Mrs. Elizabeth Cappel, retired superintendent; Supt. and Mrs. Ennis; Mr. and Mrs. Geuther; Mr. and Mrs. Mueller; Mr. and Mrs. Norval Robinson; Mr. and Mrs. James Stewart; Mr. and Mrs. Edwin Yunker; Mr. and Mrs. Durward Fant; Mr. and Mrs. Chester Ebert; Mr. and Mrs. Fremont Warning and Mr. and Mrs. Ray Toppen.

Park Board Re-elects Officers

Charles Swanberg has been re-elected president of the Mokena park board. The election took place at the annual meeting at which Swanberg and Commissioner Edwin Yunker, who were re-elected last April, were sworn in by Commissioner Florence Niethammer as secretary.

Other officers elected are: Yunker, vice president; George Carlisle, treasurer, and Mrs. Niethammer, secretary.

A new 50-star flag was purchased and Ervin Friant awarded a contract to install a concrete floor in the shelter house at Mokena Community park. Friant's bid was \$890 which was \$80 less than the bid submitted by Don Guendling.

Largest items in the bills paid was \$1,247 for playground equipment purchased from the Porter Athletic Equipment Co. The board also purchased \$71 of equipment from Musser's sport shop for the summer recreation program sponsored by the district. In all the bills ordered paid by the board totaled \$1,598.24.

Commissioner Yunker was authorized to proceed with needed repairs to the dugout on the third base side of the ball diamond.

Girl Scouts

Pitch Camp At Starved Rock

Mokena Cadet Girl Scout Troop #335 went camping at Starved Rock state park near Utica, last week. They pitched six two-girl tents and three Baker tents Monday and had a wonderful time for four days, hiking, sight-seeing, taking a boat trip up the Illinois river, and riding the cable car.

Tuesday, after a day spent sightseeing, they put on their full uniforms and hiked up to the Starved Rock Lodge and had ice cream in the Pow Wow room.

On Wednesday, they took an all-day hike, putting all of the supplies they needed for the day in knapsacks they had made before the trip. They saw such sights as Starved Rock, Wishing Well, Jacob's Ladder, Lover's Leap, Eagle Cliff, Bee Hive Rock, Wild Cat Canyon, Owl Canyon, and Hidden Canyon. They ate their lunch at a beautiful canyon called the Witch's Kitchen. The evenings were spent sitting on the banks of the Illinois river watching the boats come by, and singing Girl Scout songs.

The girls who made the trip were: Nancy Bernardin, Maureen Carlson, Debbie Elias, Susan Gilles, Linda Gorman, Roberta Lang, Patty Roach, Margie Sparks, Marlene Stanger, Carol Stapleton, Kathleen Tierney, and Rosemarie Tooley. The girls were joined by their leaders, Mrs. Robert Lang and Mrs. Emmett Stapleton and by the advanced first aider, Dianne Lang.

The transportation was provided by Mrs. Joseph Bernardin, Mrs. Tony Gilles, Mrs. William Roach, Mrs. Alfred Carlsson, and Alfred Sparks.

Insurance Required In CD Program

Another step in the accreditation of the Frankfort township civil defense unit has been taken with the purchase of an insurance policy protecting civil defense workers in the event any should be injured while in the performance of their duties.

Such a policy is necessary the local unit was informed by state officials of the organization, if it is to be accredited. Unless a unit is accredited, it was explained, it is barred from the purchase of government surplus items.

The policy cost \$185 and the cost was split three ways, the villages of Mokena and Frankfort, and the town of Frankfort each paying a third. The policy pays \$5,000 for a death, \$1,000 medical and hospital fees and a weekly indemnity of \$50. If a worker is unable to perform the duties of his regular employment because of injury which serving civil defense,

Silver Cross To Give Baby Sitters' Course

The second series of programs for baby sitters will open with registration from 1:00-1:30 p.m. on July 16 and continue each afternoon thru July 18, 1:30 to 4:30 p.m. All sessions will be held in the auditorium of the student nurses residence at Silver Cross hospital using the entrance on Copperfield avenue.

As the programs are given under the joint sponsorship of the Will County Council of Social Agencies and Silver Cross hospital, Mrs. Sydney Scoville, past president of the council and Paul W. Kempe, administrator of Silver Cross will welcome the sitters.

The July 16 program will be devoted to the care and understanding of children from infancy to two years. To assist in the demonstration of such matters as bathing, dressing, feeding and safe handling of

children will be 11 month old Joel Tyndall. Mr. and Mrs. Harry Graly, child psychologists, will talk on normal growth and development of children in all the age groups. Time will be allotted for questions.

The child from two to six, represented by three year old Lucia Holman in demonstrations, will be the subject of the July 17 program. Group discussions on the conduct and duties of sitters, compensation, information from parents, a registry and other matters will be arranged.

First aid will be discussed by a nurse and a representative of the fire department and a representative of the sheriff's department will discuss the role of that department and the police in the protection of sitters and their charges. Proper use of the telephone will be discussed by a representative

Counterfeiters In Petty Cash Mood--Make \$5 Bills

(CNS) Warning that a counterfeit \$5 bill, is flooding the Chicago area was issued Wednesday by John Hanley, head of the U. S. Secret Service here. They are recognizable because all bear the number G-74476-346-C. During one week, over 100 were picked out at the Federal Reserve Bank from money sent in.

The small denomination - a few years ago \$100 and \$20 bills were the style-is designed to make passage easier, Mr. Hanley said. As part of the same trend, the Chicago Secret Service Wednesday arraigned in court their first 50-cent counterfeiter in several years.

He is Murray Fuqua, 31 years old, 224 South Michigan, Villa Park, who appeared before Judge Julius J. Hoffman and waived indictment, saying he would plead guilty to a criminal information.

Fuqua was arrested May 31 at his home where \$165 in lead half dollars were found, shined up with mercury.

Fuqua recently visited his father at Fordsville, Ky., where he and two others made and passed some of the coins. Before leaving when the other two were arrested, Fuqua dumped an undetermined cache of coins into his dad's 550-foot deep well, Hanly said.

SanDist Has Marijuana Bumper Crop

(CNS) Uncut marijuana weeds vs. a saving of \$217,230 in vacation help in the Metropolitan Sanitary District were the alternatives argued at a special board meeting Tuesday which ended with a promise by Supt. Vinton Bacon to investigate the weeds and take action if needed.

Trustees John B. Brandt and Walter S. Baltis called "false economy" Bacon's reduction of summer help from 137 requested to 55, in defense of which he wrote all the board members that "no essential services are being placed in jeopardy, and the effluent should be of the usual high quality."

Trustee Brandt told Bacon at the meeting that marijuana, a narcotic, is "growing all over our property" and he should have hired the usual summer sprayers.

Trustee Baltis said Carl Hankey, chief of the maintenance and operation, had told him "nothing has been done this year and if spraying is not done right away, we will have a real plague with the weed. "This is an excellent opportunity to impart to the public that we are sincere in our efforts to tighten up all operations, and to improve our public image," was Bacon's parting word.

A feature of the July 18 program will be a panel presentation on the ideal baby sitting situation by a mother, a baby sitter, a nine year old child and a professional social worker.

When completed a detailed program will be mailed to sitters whose applications have been received. Due to the size of the auditorium and rooms available for group discussions, attendance will be limited to the first 200 applications. As the minimum legal age for baby sitting is 14, admission of 13 year old sitters will depend also on the number of registrations received from 14 up. The programs are both open to boy and girl sitters. A portfolio of helpful literature will be presented and those present for all sessions will receive an attendance card.
